New Business:

Topic of Discussion	By Group #
<ul style="list-style-type: none">→ What are we calling "single, couple, couple w/ children, etc." on the profile sign up page?<ul style="list-style-type: none">◆ Status→ We are asking users to filter by number of people they would like to live with however we are not asking them that question during the registration<ul style="list-style-type: none">◆ Option A: Add that question to the registration (how would that look like?)◆ Option B: Remove that filtering option◆ Choose Option A- number of people to choose to live pick a number.	C
<ul style="list-style-type: none">→ Location-less services -- How do you envision displaying a nationwide service when filtering by location?<ul style="list-style-type: none">◆ I.e Online workshops and Matching Services◆ Option A: Business select "no location" option when creating listing◆ Option B: Business select "nation-wide" option when creating listing	C
<ul style="list-style-type: none">→ Confirm rating system:<ul style="list-style-type: none">◆ Members can rate other members (removed)◆ Members can rate businesses	C

<ul style="list-style-type: none"> ◆ Members can NOT rate listings - select category to rate. ◆ Businesses can NOT rate anything ◆ Users can give business comments on their services. Comments more important than the rating. Comments are more important than the rating (She changed her thoughts that score is more important). <p>→ Confirm bookmark system:</p> <ul style="list-style-type: none"> ◆ Members can bookmark service listings ◆ Members can bookmark classified listings ◆ Members can bookmark other member profiles ◆ Businesses can NOT bookmark anything ◆ Bookmarks profiles 	
<p>→ What data do you want to be able to export?</p> <ul style="list-style-type: none"> ◆ All basic registration information provided (No profile information) ◆ Excel document or similar (TBD) ◆ Age: mainly measure for the demographics for now(add more filter selections in the future) May be add on "relationship status" client mentioned a lot ◆ Use excel to export, Twila will hire someone to set that up. ◆ If we finish the project early we can implement excel's feature to the website. 	C
<p>→ Confirmation:</p> <ul style="list-style-type: none"> ◆ Admins will review business account listings ◆ Admins will NOT review member account listings ◆ Hosting Services – after project is over <p>→ Business/Members listings on their profiles</p> <ul style="list-style-type: none"> ◆ Businesses can view all their active and pending listings from their account summary page ◆ Businesses can delete their active listings from their account summary page ◆ Members can view all their home sharing (service) listings from their account summary page ◆ Members can delete their active listings from their account summary page 	C
<p>→ Information about who you want to match with: part of search, or part of profile?</p> <p>→ Is this a partial search or an absolute search? (C)</p> <p>→ Should be in both places, absolute search.</p>	B
<p>→ Clarifying the terminology surrounding businesses and their subcategories</p>	B
